Length of school in weeks,	33
Total receipts,	$1,927 19
" disbursements,	1,717 27
Balance in treasury,	149 04
Cost per pupil,	8 10

Work was put into the schools that would have accomplished more but for the prevalence of the mumps and measles in the last two terms. In some of the grades the pupils were taught how to express their thoughts correctly in speaking and writing the English language. The acquirement of this power should be prominent in every child's education from the time he enters school till he graduates, if he would be a successful scholar.

Pupils entering the school at six years of age and continuing till sixteen can graduate with a good grammar school education, qualified for honorable positions in the future. We shall labor for larger results the coming year.

S. C. BAKER,
Sec. Board of Education.

Report of the School Board.

Our schools for the past year have not been as good as it seems to me they ought to be, owing largely to so many being absent from school, which of course must have a great influence. Our teacher, we think, tried hard to do her part, but I think we are expecting too much of our teachers. They must have our help to make a school prosperous. We must not expect the teacher to do her part and ours too.

1st term.—No. of weeks, 10; No. of scholars, 13; average attendance, 11.

2d term.—taught by Lizzie G. Pulsifer; wages per month, including board, $24; No. of scholars, 16; average attendance, 13.

WILLIS H. CALLEY.

Daniel D. Ladd taught three terms in Pease district. Mr Ladd deserves especial mention as one of our most enterprising and successful teachers.

UNION DISTRICT.

Miss Fannie P. Meloon, teacher of first term; Miss Sadie V. Burleigh, the second; both having good success.

F. D. EASTMAN.
